ARTISTIC STATEMENT

Pamela White is a theatre practitioner who enjoys exploring the complexities of human existence. Pam seeks to use her work to spread awareness of the hidden struggles and intricacies of everyday life, while still highlighting the moments of joy and love that make life worth continuing. Through these endeavors, Pam hopes to create supportive and collaborative spaces for audience members and artists alike, blurring the lines between theatre and reality just enough to remind everyone that we are all only human, and that we can only overcome hardship and hate if we do so together.
